

PROFILE

Final-year Informatics student at Universitas Pelita Harapan and System Development Intern at BCA, with 4+ years of programming and 5+ years of leadership experience. Skilled in web and mobile development, UI/UX design, backend integration, and project management. At BCA, built GenAI tools and Power Automate workflows that have delivered IDR 500M+ in annual cost saving. IEEE-published researcher in high-performance computing and former President of the Informatics Student Association.

EDUCATION

Bachelor of Informatics - Universitas Pelita Harapan

AUG 2023 - AUG 2027 (Expected)

Science, Mathematics, and Computer Science - UPH College

JUL 2020 - JUN 2023

TECHNICAL SKILLS

Programming	C/C++, Java, Python, Kotlin, Julia, Lua, HTML/CSS, JavaScript, SQL
Web & Mobile	Kotlin/Jetpack Compose, Firebase, REST API, Next.js, TypeScript, UI/UX
HPC & Research	CUDA C++, CUDA.jl, NVIDIA Nsight Systems, performance profiling and benchmarking
Automation	Power Automate (Cloud & Desktop), Power Apps, OutSystems
Tools	Git/GitHub, VS Code, Trello, Figma, Supabase, Hostinger
Languages	English (Professional Working), Indonesian (Native)

WORK EXPERIENCE

System Development Intern

JAN 2026 - PRESENT

PT Bank Central Asia Tbk (BCA) - Tangerang

- Developed and trained an internal GenAI chatbot to automate query operations; validated the model and built system menus to speed up CSV processing and reporting.
- Built Power Automate workflows for cash reporting that auto-generate documents and send emails, owning the full lifecycle: requirements, documentation, development, testing, and deployment.
- Automated ATM maintenance processes with Power Automate, matching vendor recap data against internal databases end-to-end, from requirements to deployment.
- Delivered IDR 500M+ in annual cost efficiency and saved 7,969 minutes of manual work per month across all deployed automations.

Database Administrator

MAY 2023

IFGF Global - Tangerang

Oversaw a two-week migration of ~1,000 congregant records from a legacy system with schema mapping and status normalization; validation rules removed 400 duplicates and improved lookup and reporting efficiency by 25%.

Database Management

JUN 2022

Indomobil Nissan Datsun Group - Tangerang

Maintained the Dealer Management System, verifying 1,385 customer records against vehicle history and cleared 1,050 customers reminder backlog to zero in nine days.

RESEARCH & PUBLICATIONS

- “Performance Evaluation of CUDA Parallel Matrix Multiplication using Julia and C++,” 2024 IEEE 17th MCSoc (Embedded Multicore/Many-core Systems-on-Chip). DOI: [10.1109/MCSoc64144.2024.00064](https://doi.org/10.1109/MCSoc64144.2024.00064)
- “Optimizing MRT Pathways between Jakarta Malls: Comparative Study of Kruskal and Prim Algorithms,” International Journal on Advanced Science, Engineering and Information Technology (IJASEIT). DOI: [10.18517/ijaseit.15.6.20831](https://doi.org/10.18517/ijaseit.15.6.20831)
- DNA Storage Systems Research (UPH HPC research group): completed a PRISMA-style systematic literature review by screening 126 papers.

AWARDS & CERTIFICATIONS

- Best Dynamic Team & Top 8 Finalist, Harvard HSIL Hackathon 2026:** Recognized for SereneSense, a multimodal AIoT platform for early meltdown prediction in children with ASD.
- National Finalist (Top 20), Gemastik XVIII:** Game Application Development for EcoCity Match.
- Guest Speaker:** UPH College University & Career Day (2024 & 2025).
- Certifications:** CS50’s Introduction to Computer Science; CS50’s Introduction to Cybersecurity (edX Verified); Intermediate Machine Learning; Career Essentials in Generative AI (Microsoft & LinkedIn); Computer Networks Fundamentals; Introduction to Game Design: Game Systems and Balance (edX Verified).

PROJECTS

- **UPH Informatics Website:** Official website of UPH's Informatics Study Program, presenting its profile, curriculum, lecturers, research, news, announcements, and events. Includes a CMS for admins and lecturers to manage content. Built the backend and CMS APIs.
- **SereneSense:** AIoT platform predicting meltdowns in children with ASD. Deep-learning computer vision classifies facial expressions and gestures, fused with sensor and heart-rate data. National finalist (Top 8) at Harvard HSIL Hackathon 2026.
- **UMKM Digital Catalog:** Catalog website with WhatsApp Business integration and an analytics dashboard for Kelurahan Kelapa Dua; 300+ visitors in 3 months, with 30%+ of UMKM reporting at least 20% revenue growth.
- **Campus Guide Map UPH:** An Android app for campus navigation and events, with a room search, event search, calendar sync, and real-time admin CRUD.
- **EcoCity Match:** Educational match-3 game on SDG 11 developed using Ren'Py. National finalist (Top 20) at Gemastik XVIII Game Application Development.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

Board of Leaders APR 2025 - NOV 2025

PPK Ormawa HMIF UPH

- Co-led a 7-month community program with a 12-member team; the proposal was selected from 676 submissions and awarded IDR 31.1M.
- Delivered six strategic coaching sessions for UMKM in Kelurahan Kelapa Dua and handed over the UMKM Digital Catalog to the village office.

President AUG 2024 - JUL 2025

Himpunan Mahasiswa Informatika (HMIF) UPH

- Directed five divisions and nine programs on time and within approved budgets, driving participation of 100+ Informatics students.
- Introduced budget tracking, post-event reports, and communication standards, raising budget efficiency from ~60% to ~90% and enabling a self-service merchandise stall (~IDR 1.5M/month).

Secretary JUL 2024 - NOV 2024

Falcon Project 14, Universitas Pelita Harapan

Served as a secretary for a two-week festival with four national competitions, hosting 365 competitors from 25 universities and 79 schools; secured and serviced eight sponsors, including Qatar Airways.

Other Roles

- Mentor, Mentoring UPH (2024-2025): Guided 25 Informatics freshmen and accomplished 88% completion on Grow-Life module; Logistics Coordinator for UPH Festival 2025; Secretariat of Mentoring UPH 2025-2026.
- Steering Committee for KPU HMIF 2025, I-DEA 2025, Welcoming Party x Informatics Trip 2024, and Informatics Goes to Company 2025.
